PROCESS FLOW · CURRENT STATE

How procurement operates today

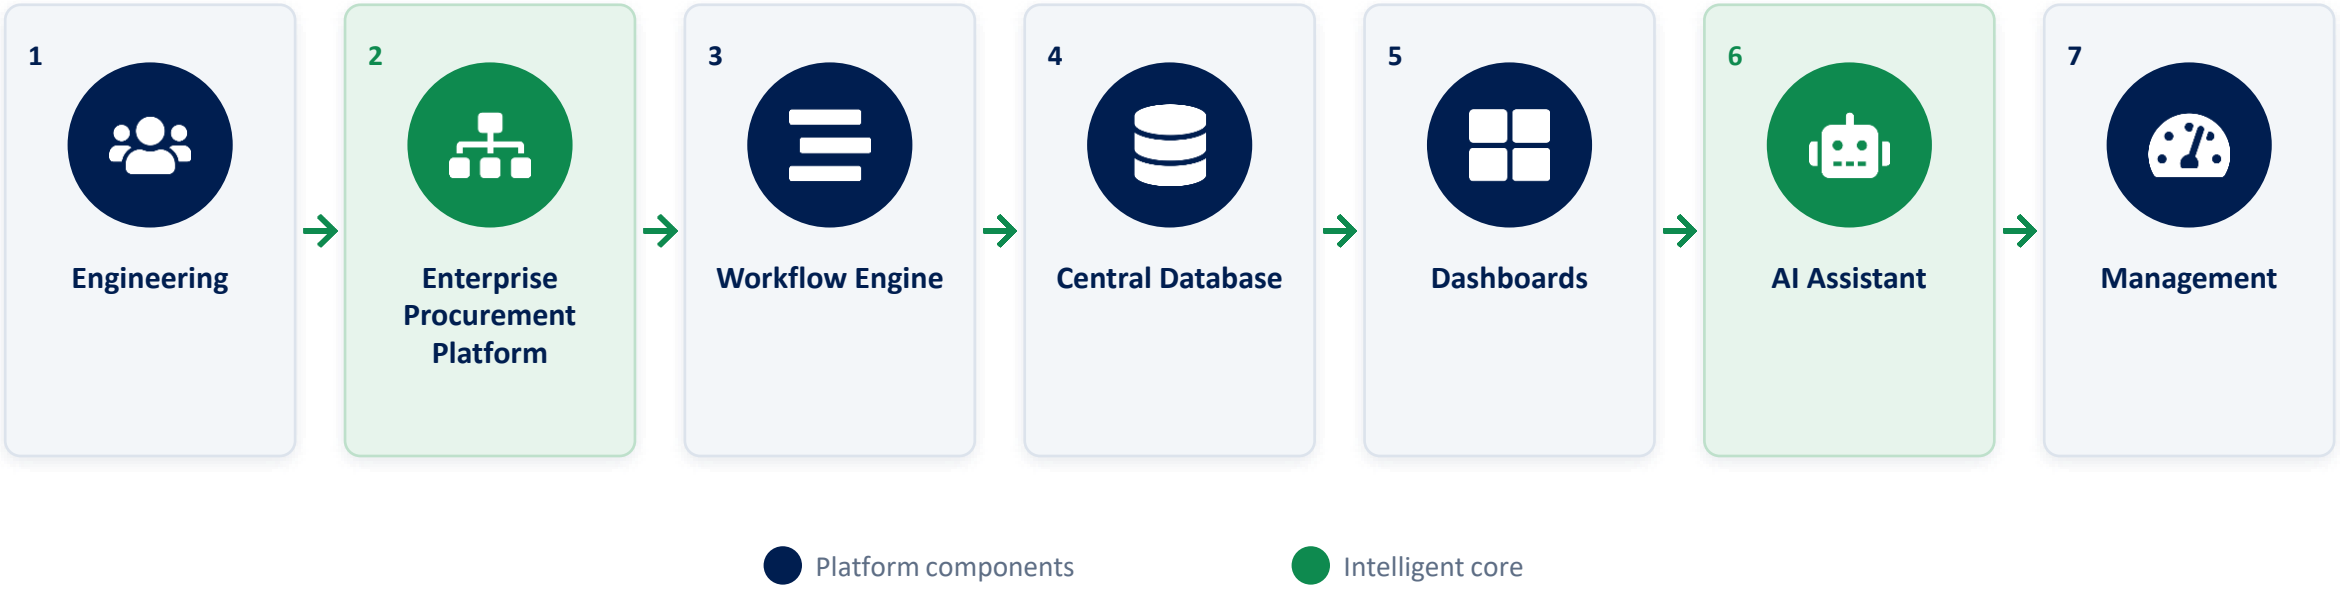

A linear chain of manual handoffs — data is re-keyed at every amber step

PROCESS FLOW · TARGET STATE

Future operating model

One integrated platform — automated, connected, intelligent

PROCESS FLOW · DETAILED

End-to-end digital process

Eleven steps, grouped in four phases — a single continuous digital thread

Steps 1–3 Set up

Steps 4–5 Source

Steps 6–8 Ready

Steps 9–11 Steer
